## Statewide Initiatives

### ♦ Office of Educational Technology ♦

NH e-Learning for Educators (OPEN NH) - [www.opennh.org](http://www.opennh.org)

NH e-Learning for Educators is an online professional development program run by the Office of Educational Technology at the NH Department of Education. Online facilitated courses and self-paced tutorials are delivered through OPEN NH, our cost-effective statewide online professional development system.

NH School Connectivity Initiative - [www.nheon.org/nhsci](http://www.nheon.org/nhsci)

Information about the partnership between the Governor's Office and several state agencies to concentrate efforts to increase broadband in New Hampshire, and specifically to increase connectivity to schools through effective use of the e-rate program.

ICT Literacy Toolkit - [www.nheon.org/ictliteracy](http://www.nheon.org/ictliteracy)

This toolkit represents a work-in-progress that is meant as a resource to provide guidance, information, and support for schools and districts as they develop and improve their K-12 ICT Literacy program. This process continues to be a change process in our schools in order to ensure that our students have the digital skills necessary for college and career in the 21st century.

Technology Planning Toolkit - [www.nheon.org/techplanning](http://www.nheon.org/techplanning)

This Online School Technology Planning Guide provides resources and a recommended outline for district technology committees as they create, implement and update their school or district technology plans. The Office of Educational Technology at the New Hampshire Department of Education strongly encourages the development of district technology plans that focus technology priorities towards the infrastructure necessary to promote teaching, learning, assessing and producing powered with technology.

### ♦ Other Organizations ♦

New Hampshire Society for Technology in Education - [www.nhste.org](http://www.nhste.org)

Sharing the ways technology transforms teaching and learning. NHSTE believes: Learning is essential in our ever-changing world; Technology empowers teachers and learners; NHSTE inspires, creates, and supports a culture of connected learners.

ESRI - [http://nheon.org/nh\\_projects/esri.html](http://nheon.org/nh_projects/esri.html)

NHedGIS - [www.nhedgis.org](http://www.nhedgis.org)

New Hampshire is one of several states in the nation that can provide Geographic Information Systems (GIS) software to every school in the state free of charge. Thanks to a statewide partnership agreement between Environmental Systems Research Institute (Esri), the world's leading GIS software developer, and the New Hampshire Department of Education, these new licenses will allow every public, private and charter K-12 school throughout the state unprecedented access to Esri's state-of-the-art GIS tools for use in education and research.

SketchUp Pro - [www.nheon.org/nh\\_projects](http://www.nheon.org/nh_projects)

Partnership provides free SketchUp software for districts with an easy way to draw in 3D for students.

## National Initiatives

### DIGITAL LEARNING DAY

Digital Learning Day has provided a powerful venue for

education leaders to highlight great teaching practice and showcase innovative teachers, leaders, and instructional technology programs that are improving student outcomes.

Digital Learning Day - [www.digitallearningday.org](http://www.digitallearningday.org)

Digital Learning Day New Hampshire - [www.nheon.org/digitallearningday](http://www.nheon.org/digitallearningday)

Speak Up provides an easy way for students, parents and educators to participate in local decisions about technology, as well as contribute to the state and national dialogue. Since 2003, Project Tomorrow has collected the viewpoints of 4.5 million students, educators and parents. The Speak Up dataset represents the largest collection of authentic feedback from these key educational stakeholders.

SpeakUp Survey - [www.tomorrow.org/speakup](http://www.tomorrow.org/speakup)

SpeakUp New Hampshire - [www.tomorrow.org/speakup/NewHampshire.html](http://www.tomorrow.org/speakup/NewHampshire.html)

Future Ready Schools helps district leaders plan and implement personalized, research-based digital learning strategies so all students can achieve their full potential.

Future Ready Schools - [www.futureready.org](http://www.futureready.org)

New Hampshire Future Ready Schools - [www.nheon.org/futureready](http://www.nheon.org/futureready)

US Department of Education, Office of Educational Technology campaign to promote the use of open education

**#GoOpen** *New Hampshire*

collaborate innovate design curate communicate empower

resources. Openly licensed educational resources can increase equity by providing all students, regardless of zip code, access to high quality learning materials that have the most up-to-date and relevant content.
